**FAMOUS PEOPLE'S FIRST JOBS**

Not all famous people were born into famous families. A lot of them had normal lives before becoming famous. They also had jobs like the rest of us. Here are just a few:

Former President Obama worked at an ice-cream parlour selling ice-cream cones. He was in high school in Honolulu, Hawaii and said it was quite hard. He also said that the job taught him about responsibility, hard work and how to spend time with work, friends and family.

Brad Pitt had a weird job when he was younger. He worked as a chicken! That's right. He worked at a restaurant called El Pollo Loco in Hollywood, and his job was to dress up like a chicken and wave at the cars on the road. In fact, if you go on a "See the Stars" tour in Hollywood, many of them will take you past the same restaurant where Brad used to work.

Maybe the strangest path in life was that of Pope Francis. When he was young in Argentina, he worked several jobs before joining the Jesuits and dedicating his life to religion. He worked as a cleaner sweeping floors, a chemical tester at a laboratory and as a bouncer at a bar! Yes, the pope was the person responsible for security at a bar in case anything wrong happened. Can you imagine?!
