 - b. The nurse.....(prepare) the operating room before the surgery.
 - c. She.....(study) diligently for her medical exams last night.

Part 5: Communication situations

5. Read the following scenarios and answer the questions based on the given vocabulary and verb usage.

Scenario 1:

You are a nurse, and a patient comes in with a sore throat. How would you communicate with the patient to gather information about the symptoms?

What questions would you ask the patient? (Write at least 2 questions)

Scenario 2:

You are a doctor, and you need to explain the patient's test results to them. How would you communicate the information effectively?

1. How would you use the medical vocabulary to describe the test results and the implications for the patient's health?
2. What verb tenses would you use to discuss the progression of the patient's condition?

Part 6: Listening Activity

6. Patient Interview Notes 3: Asking about systems.

You will hear an extract from an Interview between a doctor and her patient. The patient is a 50-year-old office worker who has complained of feeling tired, lacking energy and not being herself.

Part 1: Listen once and indicate whether the patient has a significant complaint or not by marking the appropriate column with a tick (x) for each system.

Part 2: Listen again and number the order in which the information is obtained. The order starts with number one in the Order column for the GIS system.

System	Complaint	No complaint	Order
ENT (Ear, Nose, Throat)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
RS (Respiratory System)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
CVS (Cardiovascular system)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
GIS (Gastro-intestinal system)	<input type="checkbox"/>	<input type="checkbox"/>	1
CNS (Central Nervous system)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Psychiatric	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
