## Social Science

1 Listen, point and read. :))

I'm at the hospital. I've got a bandage on my arm. There was an accident in the playground. The nurse is showing me an X-ray. My arm is broken.

How can you take care of your body?

I can't see the board when I sit at the back of the classroom. I'm visiting the optician. He's looking at my eyes.

I'm visiting the dentist because I've got toothache. My teeth hurt when I eat hot food or when I drink cold drinks.

I'm visiting the doctor because I've got a cough and I've got a temperature. I'm sneezing a lot, too.
