## Section D

Read these film reviews. Which film would be best for each person? The first one has been done for you.

<p><b>A</b> <u>BAD LOSER</u></p> <p>When he loses the Presidential election, an angry army general asks for \$10 billion – or he'll destroy Los Angeles. But how will he do it? Where is he? Can FBI agent Casey find him in time? If you like James Bond, you'll enjoy this too.</p>	<p><u>KILLER MOUSE</u></p> <p>A cartoon about a super-mouse who doesn't like cats – or people. I must say I didn't find it funny or frightening, but if you're under ten, you'll love it.</p>	<p><b>D</b></p>
<p><b>B</b> <u>MISSING</u></p> <p>This classic black and white film was made in the early 1960s. It tells the story of an Italian woman who finds an old love letter, then travels to East Africa – and disappears. This is a strange film, beautiful to watch, but full of sadness and anger.</p>	<p><u>STAR BORES</u></p> <p>90 minutes of crazy comedy in space. If you know the <i>Star Wars</i>, <i>Star Trek</i> and <i>Alien</i> movies, you'll probably understand most of the jokes. I didn't!</p>	<p><b>E</b></p>
<p><b>C</b> <u>FOR EVER AND EVER</u></p> <p>This is a surprisingly good little film. Although all the usual things happen – girl meets boy, girl falls in love, and so on – it's much more than just a love story. Take someone special to this one – maybe even your wife or husband?</p>	<p><u>OUT OF THE EGG</u></p> <p>Two children find a large egg in a forest and take it home. Then during the night ... A fantastic horror movie for age 18+. You'll never eat eggs again!</p>	<p><b>F</b></p>
<p></p>	<p><u>LOVE IS ...</u></p> <p>This is a musical comedy with beautiful people, set on a lovely tropical island. There isn't much of a story, but the music's good, and it's quite funny in parts. A film for the whole family, young and old.</p>	<p><b>G</b></p>

## Section E

Someone talks about three friends. Read about them and answer the questions. Write *Leila, Mike or Nora*. The first one has been done for you.

When I first met <b>LEILA</b> ...	When I first met <b>MIKE</b> ...	When I first met <b>NORA</b> ...
<p>... she was living at home with her parents and doing a maths course at the local college. She had long dark curly hair and was engaged to a friend of mine called Ken. She was a non-smoker, and she was a really good tennis player. She cooked excellent steaks, too.</p> <p>Now Leila teaches maths at a local school, and she looks completely different: she has short fair hair, and she smokes ten cigarettes a day. But she still plays tennis with her boyfriend Harry, and her steaks haven't changed at all!</p>	<p>... he was living at home with his parents, and working in a bar. He didn't smoke (though everyone else in the bar did!) and he was engaged to a student called Zoe. I remember he was a very good footballer.</p> <p>Now Mike works for a computer company, and he lives in a nice little flat with Zoe and their two young children. He's very busy, and they haven't got much money, so I don't see him very often - certainly he doesn't play in our football team any more. And he never goes in that bar - he says it's too smoky.</p>	<p>... she was studying medicine at the same college as me. There were five of us living in a flat. She worked very hard and didn't do any sports, and she was the only one of us who smoked. She had short dark hair, and she and her boyfriend Jim ate burgers and chips all the time.</p> <p>Nora's still at college and still living in the same flat, but she's a completely different person: she doesn't smoke, she goes running and swimming every day, and she's a vegetarian. And she and Jim are getting married in the summer.</p>
