1 \_\_\_\_\_

Yesterday, it was a fantastic day! I had two classes: math and language. In language, I learned a lot of things at school. The most interesting fact we were taught, was about cyber grooming.

2 \_\_\_\_\_

First we had to read a long text. Then, she explained to us that Cyber Grooming was when someone used the internet to trick, force or pressure a young person (a child or a teenager) into doing something sexual.

3 \_\_\_\_\_

Similarly, the teacher explained to us that the majority of cyber grooming victims were children and adolescents because they were the ones that used the most social networks.

4 \_\_\_\_\_

So, she recommended us to keep our profiles in a private way so that only our friends saw what we posted. Then, she advised us not to accept strangers in our social networks. Thanks to her, I realized I was not using my social networks in a safe way!
